YOUTH

Strathclyde Youth is delighted to be able to offer your project a range of workshop ideas to help with your programming.

In three easy steps, you can have a fully prepared workshop complete with a workshop tutor delivered to your project on the day and at the time of your choice subject to availability.

Step 1

Flick through this catalogue and choose which workshop you would like to host.

Tip: discuss with your members what they would like, this way they will be more likely to get involved on the night.

Step 2

Call or email Strathclyde Youth's office with your workshop choice along with your preferred date and time.

We will process your request ie phone the relevant workshop tutor and find out if he\she is available. Then we will get back to you to confirm your booking.

Step 3

Sit back and wait with excited anticipation until the night of your chosen workshop.

We would be grateful if you completed and returned the evaluation sheet at the end of the session just to let us know how wonderful you thought the workshop was. And, any other comments you feel like making! It helps us to get it right in the future

The workshop tutors

Our workshop tutors have a variety of skills and expertise that can help any young people learn and develop a new skill.

Most of our tutors have a range of skills which make them flexible and have the ability to deliver what you want and need.

We recruited tutors not only for their expertise in their given field but also because of their experience in working with young people. Their unique skills help make a workshop more enjoyable for everyone taking part.

They can make it a comfortable environment for young people to participate in no matter what skill level they have.

After your workshop you get the chance to evaluate our tutors so that we can make sure we have the right people, delivering the right services and with the right attitude.

If you would like to know more about individual tutors please contact us with any questions you might have.
